Two Program Options

1. CCUSA'S PLACEMENT OPTION

Due to the current economic situation, jobs in Canada are becoming harder to find for Internationals. This option allows you to sit back and let CCUSA and our Program Partner talk to employers on your behalf and line up a Job interview for you either prior to or after your arrival in Canada. Many Employers in Canada are willing and able to do telephone or skype interviews. However, some want to meet interviewees in person but cannot afford a trip overseas to hire their staff on a Job Fair. This option will allow you to either have a job lined up prior to arrival in Canada or a face-to-face interview shortly after you arrive in Canada. On average, it takes 2 -3 weeks to arrange an interview. Either way you will be ahead of the curve and other internationals looking for work.

Employers on our Placement Option range from: Retailers, Ski / Summer Resorts, Hotels, Inns, Restaurants, Bars, Cafes, Hospitality / Leisure and Tourism.

These employers are situated in cities and regions across Canada. For more details check out www.ccusa.com

2. ARRIVAL JOB ASSISTANCE OPTION

Our Program Partner is one of the few companies in Canada that can actually assist you with finding a job placement upon arrival. You will have exclusive access to our Program Partner's Jobs Database listing hot jobs available in Canada at that time. You will also have access to a Program Coordinator for assistance in researching job opportunities. If you would like more options for your job in Canada and to take advantage of CCUSA's fantastic on the ground support and assistance through our Program Partner then this option is for you!

With this program you also receive:

- ✓ Assistance in sourcing jobs and arranging interviews with employers from our Hot Jobs Database until you get your job offer
- ✓ Jobs are in the fields of hospitality, basic administration, food and beverage, retail, labor hire, and ski, fishing or golf resort operations
- ✓ Assistance from our Program Partner to help you with your job search
- ✓ Great jobs available in provinces such as British Columbia and Alberta
- ✓ Exclusive access to job and accommodation listings for the full term of your visa
- ✓ Flexibility with job start date
- ✓ Option to travel before job placement
- ✓ Access to some amazing jobs with employers who hire year round

WINTER JOBS

- The ski season runs from mid-November through April but obviously depends upon the amount of snowfall and the resort. You are expected to work the entire season and there is often an end of season bonus. We work with some of the best ski resorts in Canada, most of which are located in British Columbia or Alberta.
- **Work Dates:** Jobs start in November or December and last until April and you must commit to working full time throughout this period. Some resorts may start slightly earlier than November and most are open until mid/end-April.

- **Positions Available:** There is a wide variety of positions available with our winter employers for those who love the snow and those who just want to "be there". The more flexible you are with your choice the more chance you have of getting offered a job. Most positions do not need any previous skiing or boarding experience unless you want to work on the slopes. Almost all of the jobs offered by the resorts include a free or discounted ski pass!

YEAR ROUND

- If you would like to stay in Canada a little bit longer than just the summer or just the winter then why not stay the whole 12 months. As long as you're eligible for a Working Holiday Visa to Canada we can help you find work for a full year. You can start work with one of our great winter employers and swap over to take a summer position or vice versa - the choice is yours. You can also find work in Vancouver in hospitality or retail in almost any week of the year.
- **Start Dates:** These are flexible and you can combine working for the winter with one of our other adventures programs, Camp Counselors USA or Camp Counselors Canada.
